

## Open Floor Cabinet

### Description

Open Cabinet is intended for installation of equipment which does not require full housing. It is also used in instances when equipment is placed in an air-conditioned room. Construction is based on assembled 19" single frame, fixed by screws to the rack base. The base has openings for anchor bolts to brace the rack to the floor.

### Surface Finish

Textured powder paint, light gray (RAL 7035) and black (RAL 9005)

### Construction

Vertical post  
Base  
Cross profile
